

Hey Bandits Ms. Saldivar here...

It's time to put our photography skills to work. With permission from your parents, take a picture of some things in the great outdoors. You can also mess with the picture using apps or filters that you may already have on your phone. Pick your favorite picture and send it to me. My picture is titled "CHEETO MADNESS" It is a picture I took of seagulls having some Cheetos. Can't wait to see your photography skills!!
